

AHC21216 Certificate II in Rural Operations - KRC

DESCRIPTION

This qualification provides an occupational outcome for industries and agencies in rural and regional Australia.

Depending on the units selected individuals can be employed not only in rural industries but also other rural and regional sectors, such as local government, tourism, hospitality, transport, construction, community services, information technology and metals.

Industry expects individuals with this qualification to carry out routine tasks under general supervision and exercise limited autonomy with some accountability for their own work.

This qualification is suitable for an Australian Apprenticeship.

No occupational licensing, legislative or certification requirements apply to this qualification at the time of publication.

This training course has been designed to prepare potential employees for living and working on remote cattle stations. Training is based around day-to-day activities carried out on working cattle stations. Students will be involved in basic fencing, stock water supplies, cattle handling and husbandry, horse handling and care, basic horse riding, mechanical maintenance, basic welding, machinery and ATV vehicle operation. Students will be enrolled in units from the Nationally Accredited AHC Training Package. Students will undertake these units at the Katherine Rural Campus and through two 4 week work placements.

ELIGIBILITY/ENTRY REQUIREMENTS

This is a physically demanding course and students must be fit, active and able to function effectively in a tropical environment. The industry is seeking people with a strong work ethic, an optimistic approach to life, a desire to continually improve, and who possess integrity and strong moral character. Students must have basic literacy and numeracy skills to read, write and record basic measurements.

DELIVERY DETAILS
