**Petition into Road Signage in Western Australia**

We, the undersigned, are concerned about road signage requirements being upheld and adhered to, creating unsafe road conditions, particularly in regional and remote WA. We therefore ask the Legislative Assembly to examine the following concerns by the way of a bi-partisan parliamentary committee, including but not limited to the following:

- Ensuring that Main Roads WA policies and procedures regarding road signage are adhered to, no matter how remote the road,
- Ensuring that adequate warning is provided leading into road works or any changed road conditions,
- Reviewing Main Roads WA procedures for work undertaken by Main Roads WA and its contractors to ensure road signage is safe and adequate,
- Recommending changes and amendments to Main Roads WA procedures to ensure safe signage practices particularly in regional areas.
